

20A Three Phase Power Distribution Panels

Overview

This document highlights standard 20Amp AC General Power Distribution configurations.

All AC General are made with UL Listed or Recognized components and solidly built to provide years of trouble-free service life.

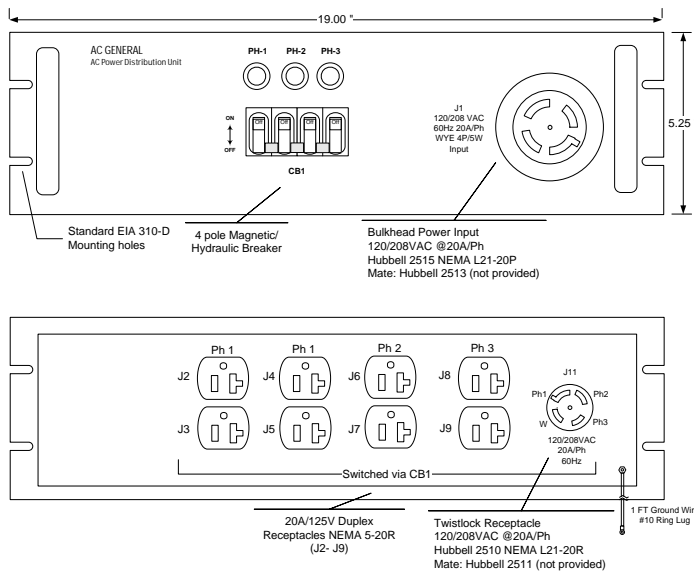

If you don't see a scheme that works for your application, contact us. AC General has created a wide catalog of distribution panels to leverage a solution for your unique needs.

Part Number 030-060-20

Part Number 300-060-20

- (8) 120V duplex outputs + (1) three phase output
- Front panel bulkhead power input
- Power switched via main circuit breaker
- Long lasting LED phase indicators

- (10) 120V duplex outputs + (1) three phase output
- Front panel bulkhead power input
- Power switched via main circuit breaker
- Long lasting LED phase indicators
- Utility output provides an unswitched source of power station computers or other constant-ON equipment
- Remote Control option provides convenient way to switch power. Mating Remote cable is provided
- Phase Monitoring provides AC line protection for under-voltage, phase loss, and improper phase rotation
